Asalamu-Alaikum/greetings of peace!

Muslim Children's Books is a small independent publisher based in London, UK. Most of the books we publish are written by me, Zanib Mian. The global middle grade series, **Planet Omar, was first published by Muslim Children's Books in 2017** and later acquired by Hachette in the UK and Penguin in the US and translated into seven languages.

We were founded in 2016 with the vision to create innovative Islamic children's books, that capture the attention of children of today, and fill them with a deep love and understanding of Allah and his deen. We do this through vibrant illustrations, quirky and child-friendly narratives and a sprinkle of humour.

We have enjoyed a very exciting seven years of publishing, as we've watched our books spread across the globe. We have received an overwhelming amount of warm, positive feedback from parents, educators and children, worldwide. We have reached out to the community with free resources and joined in partnership with charities. We have visited schools and madrassahs across the UK, and I have been a guest speaker at the Sharjah Literature Festival and Emirates Literature Festival.

Within this Islamic book niche, our Migo & Ali books have been our bestsellers, selling over 65,000 copies solely through small independent online sellers. Over the last year, our middle grade titles, aimed at children from the ages of 6-12 years have been hugely popular. We couldn't have brought you these titles without the wonderful illustrators and other collaborators who have worked with us to produce them; we feel very lucky to have worked with such talented individuals, whose sincerity and support for our vision have been truly heart-warming.

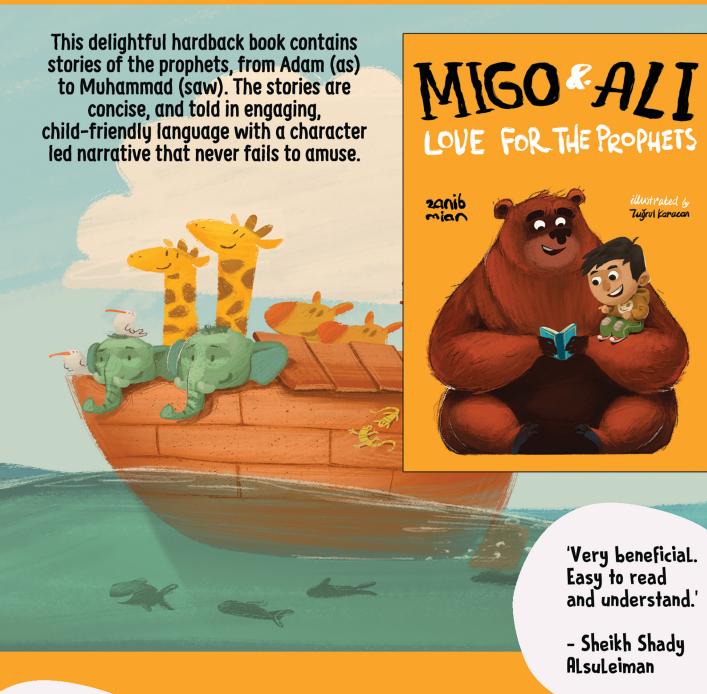

We hope to continue to publish great Islamic children's books that truly speak to children of today. To do this, we need you and all the love and support you have continued to give us. Thank you for buying our books for your shop, library, school or to share with a child.
